October 22, 2013

Supplier Code: 62604

Subject: **System Approval for Manufacturer**

SPX PRECISION COMPONENTS
300 Fenn Rd
Newington, CT 06111

Attn: Gerry Zimmerman

We have received your supporting documentation in response to the GE-Aviation Supplier Quality System requirements.

All information you submitted for the third-party audit conducted on **March 6, 2013** has been reviewed and found to be sufficient to meet the requirements to be an AS9100 approved supplier for GE-Aviation.

Our continual acceptance of your Quality System requires you to keep your system in compliance to S1000 and certified to AS9100.

Your next scheduled due date for GE-Aviation system re-approval is **March 31, 2016**. By that date, you must submit updated documentation showing certification to the AS9100 standard as described in S-1000. In general, the documentation to be submitted will consist of the following information: current ISO/AS9100 certification, most recent ISO/AS9100 audit report, audit findings, and your accepted responses to those findings.

If you have any questions or concerns you may contact me at the above mentioned email address.

Comments:

Next GE-Aviation due date was set to coincide with the expiration date on your AS9100 Certificate.

SAI, Audit Source	Major	Minor	Audit Rating
Findings Summary	0	1	Green
Green (3 yrs or expiration date on cert)	Yellow (2 yrs)	Red (1 yr)	

Sincerely,

Jacqueline Koegel

Periodically review/update your facility's Source Profile at <https://www.supplychainwebcenter.com> for current approvals, audit due dates, company contacts, and company information. **If there is anything in this letter which you feel is incorrect, disagree with, or do not understand, please contact GE-Aviation immediately.**
