Mr. Gerry Zimmerman  
V.P. Quality and Compliance  
**SPX Precision Components**  
300 Fenn Road  
Newington, CT 06111

Dear Mr. Zimmerman:

Your company has been approved as an Erickson Air-Crane (EAC) supplier. An initial quality rating based on your survey data has been assigned and is contingent on the quality of parts provided. The rating is reviewed periodically and revised according to performance. Delivery of defect-free parts will ensure achievement of a higher quality rating within our system.

To better maintain our supplier records, please inform us of any changes which occur within your company (location, officer changes, certification changes, etc.) that may influence our business relationship.

Sincerely,

David Goldstein  
Supplier Quality Manager
